

VERY COMPLETED TODAY FOR TRIAL OF DR. A. WAITE

Defendant Expected To Change Plea of Not Guilty During Trial This Afternoon

State Will Attempt to Prove That Waite Brought Father-in-law to New York for Purpose of Murdering Him

New York, May 22.—(By United Press)—Between the time he was arrested and the time he was sent to the Tombs from Bellevue hospital, Dr. Arthur Warren Waite made several confessions, some signed, that he murdered his parents-in-law, Mr. and Mrs. John E. Peck of Grand Rapids. In one of these confessions, written and signed by him April 1, 1916, Waite said:

"I have been informed that I have been indicted for the crime of murder in the first degree. I know the punishment is death. The indictment is just and the penalty is one that I deserve, for I have killed. I killed John E. Peck and his wife."

"I have thought and thought and thought while lying in my bed here in the hospital. I have gone over all the incidents of the last few months of my life, and I have made my peace with my Creator. I now desire to make atonement for the wrong that I have done."

Mr. Deuel, Waite's counsel, wrote a letter, showing that Waite's confession was made with his consent.

The statement made by Arthur Warren Waite is one that he desired to make, unburden his soul somewhat from the heavy load upon it, and as he was insistent that his confession should be published, as the only thing he could do in atonement, I acceded to his demands and have no advised against the publication of it, which is as he wrote it.

Waite Rogers Deuel.

New York, May 22.—(By United Press)—With the opening of the trial of young Dr. Arthur Warren Waite here today on the charge of poisoning his millionaire parents-in-law, Mr. and Mrs. John E. Peck of Grand Rapids, Mich., there begins to pour into the dry records of the New York Supreme court one of the most sensational and astounding stories of fortune-hunting, illicit love, murder, intrigue and deception that has ever been disclosed, as the alleged record of one man.

Waite seemed master of his emotions as he witnessed the routine of questioning the jurors. The first time assistant district attorney Mancuso asked, "Are you opposed to capital punishment?" Waite burst into laughter as the venetian, Joseph Irving, replied, "Yes, but not in a case like this." Up to noon seven jurors had been tentatively accepted subject to challenge by either side. The other five were chosen shortly after noon.

Waite's formal plea was "not guilty," but he may change it today.

The state will attempt to prove that the slender, natty attired, smiling youth who sits quietly before a long table in this drab and silent courtroom, deliberately wooed and married Clara Peck with the preconceived intention of murdering her, her father and mother and any other persons it might be necessary to murder in order that he might get possession of the Peck millions.

The state will introduce evidence to prove that Waite, married to Clara Peck and having Mrs. Elizabeth Horton as his "Studio Companion" in a big New York hotel, actually did get Mr. and Mrs. Peck to New York on a visit and murder them by poisoning them with arsenic.

That he got his wife to will her estate to him and was planning her murder as the third of the series in his alleged scheme to get the Peck millions.

And that after murdering his mother-in-law and engineering the cremating of her body to prevent the discovery of the cause of her death, he bribed a New York undertaker with \$20,000, of this amount was found where the undertaker told the police he had it, to swear that arsenic was used in the fluid em-

MEXICAN BANDITS ARE MOVING NORTH AFTER U.S. TROOPS

Bands Spreading Terror in Villages—Cavalry Sent To Disperse Bandits

Texas Militiamen Refuse to go on Patrol Duty—May Court Martialled By Federal Authorities.

Columbus, N. M., May 22.—(By United Press)—Four bands of Mexican bandits are moving north in the wake of the withdrawing American troops, committing depredations and spreading terror in the villages. This report was brought to the Columbus headquarters today. The bandits who fired on troops of the 7th cavalry were members of one of these bands.

These bandits are moving in bands of from 50 to 70 and are keeping far enough behind the American troops to avoid a clash. Many inhabitants of the region around San Antonio, Mexico, are fleeing north in the wake of the American troops. General Pershing has sent back cavalry detachments to attack and disperse these bands.

Stories that the American troops are withdrawing because Villa had recovered have been circulated among the Mexican peons and are believed responsible for the new outbreak of bandits. Several road repairing machines have arrived here and forwarded south along the lines of communication to repair the roads which have been well nigh impassible.

Militiamen Refuse to go on Duty Washington, May 22.—Secretary of War Baker revealed today that he has been officially advised of the refusal of 116 Texas militia men to be sworn in for border duty. "The department is carefully considering the subject," he said. Under the Dick law these men may be court martialled and fined though they cannot be forced into service. Baker declined to indicate his attitude in the matter until he has more complete details. So far as his messages go, merely the fact of refusal was established.

WOODLAND AND STONEVILLE ORGANIZE RIFLE TEAM

Sergeant Chas. E. Graffius Appointed Judge and Coach.

Sergeant Charles E. Graffius, of Woodland, has been appointed judge and coach of the combined Woodland and Stoneville Rifle teams under the auspices of the North American National Rifle Association.

A team was organized and started in shooting at Stoneville last evening on Thomas Wilsoncroft's farm. On this location they have a good 200 yard range. They will practice every evening this week at Stoneville and will start their practice at Woodland, Monday evening, May 22.

Sergeant Graffius has offered a beautiful bronze marksman medal for the member making the biggest score. The N. R. A. gives a marksman medal for a score of 45 and a possible 50.

The following scores were made Wednesday evening, May 17, using the U. S. Army magazine or better known as the Kraggorgensen rifle.

Thomas Wilsoncroft, 37; C. E. Graffius, 38; George Shugarts, 35; Walter Gallagher, 34.

The following scores were made Thursday evening, May 11:

Thomas Wilsoncroft, 38; George Shugarts, 36; C. E. Graffius, 37; Walter Gallagher, 35; E. Davis, 31; Loyale Stone, 20.

WOODLAND GENERAL STORE TO CHANGE OWNERSHIP

Experienced storemen are at present taking inventory of the stock of the large general store owned by W. A. Deuling, of Woodland. It is rumored that Verdant and Jerome Knepp, sons of Walter Knepp, of near Woodland, will be the purchasers. The store is the old stand of the D. C. Ross & Co., which has enjoyed a large business for years. Under Mr. Deuling's management the business has grown and has been kept strictly up to date.

UNION MEETING OF R.R. BROTHERHOODS LARGELY ATTENDED

Forcible Speakers Present Men's Side of Eight Hour Day Question To Public

Hon. J. H. Maurer Chief Speaker of The Meeting—Officers of the Grand Lodge Also Give Addresses.

The joint meeting held by the local brotherhoods of conductors, engineers, firemen and trainmen, yesterday afternoon in the auditorium of the opera house was attended by over six hundred citizens of Clearfield and neighboring country in all walks of life. The meeting was the greatest demonstration for the bettering of labor conditions which has ever been held in Clearfield.

The committee in charge of the meeting, composed of E. M. Westcott, P. J. Johnson, J. A. Breth and F. P. Smith, left nothing undone which would tend to make the meeting a success. The speakers included men who are well versed in the labor conditions in the country and who could present the question in its true light. The meeting was presided over by E. M. Westcott. Besides the committee, Woods Neff and J. L. Sughrue were on the stage and helped in the management.

The chief purpose of the meeting was to present to the general public the question of the eight hour day in its true light and to give the employees side of the fight for this length of day. The public has been misinformed about the things for which the men are fighting and the men wish to correct the wrong impression.

The principal speaker was J. H. Maurer, president of the state federation of labor and a member of the Pennsylvania legislature and a man who has gained a widespread reputation by his fights for bettering the working conditions in the state. Mr. Maurer presented a strong plea to the citizens to help the railroad men win their fight for an eight hour day and other betterments in their work.

Following the addresses by Mr. Maurer, B. B. Robinson an officer in the Grand Lodge of Transportation brotherhoods, gave a very instructive address which was met by hearty applause from his audience. Mr. Robinson is a forcible speaker and one which holds the attention of his audience at all times.

Mr. Griffith of Cleveland, also spoke on the question and enlarged on the arguments put up by the first two speakers.

The meeting was a very enthusiastic one and was a great success, all those who attended being heartily in accord with the men's side. It was very instructive as well as interesting and served to correct all wrong impressions of the fight which is being waged all over the country for an eight hour day.

WELL KNOWN YOUNG MAN DIED AT KANSAS CITY

Osecola Mills, May 22.—Mrs. A. A. Jolly received a message on Saturday informing her of the death of her grandson Paul Neff which occurred at Kansas City where the young man was attending an automobile school. His death was caused by an attack of Spinal Meningitis. He was about 23 years of age and left home in splendid health only about six weeks ago. His father who lives at Utahville was summoned to his bedside last week but the young man did not recognize him. The body will be brought here today and the funeral services will probably be held at 10 o'clock tomorrow. Interment will be made in the family plot in Umbria cemetery. The sympathy of the community is extended to the friends in their bereavement. The young man was well and favorably known to many of our young people having frequently visited friends here.

NOTICE

The Hospital Bridge Wrist Club will meet with Mrs. A. M. Wright, Wednesday afternoon, May 24th, at two o'clock.

SECRETARY

The ladies of the Baptist church will serve a ten cent lunch in the dining room of the church on Wednesday, from 3 until 5 o'clock. Baked beans, ham, new tomato salad, bread and butter, and ice cream and cake extra. M.22-31.

IRISH-AMERICAN CONVICTED

Jeremiah C. Lynch

London, May 22. (By United Press)—Jeremiah C. Lynch of New York, the American citizen sentenced to ten years imprisonment for participating in the Dublin rebellion was at Liberty Hall, the rebel headquarters, during the revolution, wearing the uniform of a rebel officer, Sir John Maxwell, reported to Premier Asquith today. Lynch did not deny his part in the rebellion according to a statement issued by the foreign office. The British commander reports that Lynch was first sentenced to death but that the sentence was later commuted to ten years imprisonment.

ITALIAN ATTEMPTS TO STOP INVASION BY AUSTRIANS FAIL

Alpine Troops Hurled Against Crown Prince's Lines in Desperate Counter Attacks

16,000 Prisoners Taken by Austrians In Week's Fighting—Austrians Ordered Cleared from Italian Territory.

Vienoa, May 22. (By United Press)—Massing in heavy forces on the southern Tyrol front, Italians are making desperate but unsuccessful attempts to stem the Austrian invasion of Italy. Though Saturday the Italian commanders hurled their Alpine forces at the Austrian Crown Prince's line in desperate counter attacks, each onslaught was repulsed.

An official statement from the Austrian war office reports the capture of several more Italian positions and the taking of 3,000 prisoners. About 16,000 Italians, including many officers, have been captured since the Austrians began their offensive a week ago.

It is believed here that King Victor Emmanuel now at the Italian front has ordered Austrians cleared from the Italian territory by Tuesday at any cost. This is the first anniversary of the beginning of the Austro-Italian war.

London, May 22. (By United Press)—French officers attacked France before the Germans from mountain, along both banks of the Meuse, a hard fighting started. Versaille, Paris or perhaps, it is not known. The fighting continues in the night, but the beginning of the fourth month of the Italian siege.

Reports from Rome state that the Austrians lost 2,000 killed, wounded

FOUR JURYMEN FOR TRIAL OF ROWLES MURDERERS CHOSEN

Much Difficulty Met With in Selecting Jurymen—Trial Started This Morning

Only Four out of Fourteen Called are Accepted by Defendants' Lawyers—Two Local Criminals Are Paroled By Judge Bell.

This morning the trial of James Wilson and James Allen, charged with the murder of John Rowles on the night of January 31, was started in criminal court. The case was scheduled for trial the first week of the May criminal court but on account of the evidence not being completely gathered the case was postponed. It is thought that two or three days will be taken up with trying these two men.

Much difficulty is being met with in selecting the jury, many of those called being prejudiced against tramps as a class of men or having formed some opinion as to the guilt of innocence of the defendants. This afternoon at two thirty o'clock after calling fourteen men, only four had been chosen on the jury. It is expected that the jury will be completed this afternoon but only after numerous other men are called.

The following men are those chosen so far on the jury:

German Johnson, miner of Jordan township; H. R. Baughman, watchman of DuBois; John Byers, teamster of Curwensville; Joseph Whitehead, motorman of DuBois.

The defendants are represented by John M. Urey of Clearfield and James A. Gleason, of DuBois. District Attorney Welch assisted by Former Judge Allison O. Smith are prosecuting the men.

This morning before the Rowles murder case was brought up, Judge Bell paroled two local men who have been confined to the county jail. Martin Duckett who was sent once some time ago for breaking into the Irwin Drug store and stealing several gallons of liquor was paroled and also Harry Kurtz, of East End, sentenced for desertion.

BIRRELL ACCUSED OF LAY DEALING WITH THE REBELS

London, May 22.—(By United Press)—Viscount Middleton, former secretary of war, today accused Augustine Birrell, former chief secretary for Ireland, of lay dealing with the Irish rebels in testimony before the royal commission investigating the rebellion. "I notified the government that the Sinn Feiners were becoming very active," he said, "and I thought the government inadequate to cope with them." "I particularly urged the disarming of the volunteers," Mr. Birrell said the whole Sinn Fein movement was laughable and should not be taken seriously. Middleton said he had warned Premier Asquith of the seriousness of the situation in Ireland. This was one of the sensations of today's testimony. He declared that he had placed all the facts before the Prime minister on January 26th.

ITALIAN BAND GIVES BEAUTIFUL CONCERT

The Italian Band, of Clearfield, gave a beautiful concert in the Court House Square Saturday evening before a crowd of about three hundred people. The program consisted mainly of classical pieces but a few "ragtime" selections were played. The concert was greatly enjoyed by all who heard it.

The Italian band was organized about three years ago under the direction of Prof. Inappalimento has developed into one of the best in the county.

and missing in the fighting in the Pyrenees Alps. The losses of the last four days are believed to be equally as large. Colonel De Saint Anatre will succeed M. Blondell as French minister to Rome, the minister of foreign affairs announced at Paris.

Rumors circulated in Washington Saturday were that the French minister to Romania had been recalled and the allies were disappointed of Romania because of her recently negotiated commercial treaties with the Austrians and Germans.

Judge Bell Issues Proclamation On "Good Road's Day"

Arrangements Being Made to Send Army of Workmen to Country to Put The Highways in Good Condition

ROAD SUPERVISORS IN CHARGE OF WORK

A PROCLAMATION

Whereas Governor Brumbaugh on the 16th day of March A. D. 1916, issued a proclamation to all of the citizens of the Commonwealth, designating and setting aside Thursday, May 25, 1916, as "State Wide Good Roads Day in Pennsylvania"; and

Whereas, The progressive and public-spirited citizens of Clearfield County believe that good roads are the mile stones marking the advance of civilization; that they economize time, give labor to the honest sons of toil, save wear and tear and worry and waste; that they aid the social and religious and educational and industrial progress of the people; that they make better homes and happier fireplaces; that they are the avenues of trade, the highways of commerce, the mail routes of information; that they are the ligaments that bind the country together in thrift and industry, and intelligence and patriotism; and

Whereas, The President of the Road Supervisors' association, of Clearfield County, recognizing the substantial aid that was given the good roads movement in Clearfield County and throughout the Commonwealth on Good Roads Day in 1916, has requested that a local proclamation affecting the people of our own county be made in the interest of good roads.

Therefore, I, Singleton Bell, President Judge of the Court of Common Pleas of Clearfield County, being in full sympathy with and deeply concerned in each and every movement affecting the betterment and improvement of our highways, do make this proclamation:

That the supervisors and road masters of the townships of our county are obligated, by law and good conscience, to give this movement cordial support and to make this day memorable in the improvement of public roads.

That all our citizens having a patriotic regard for this great Commonwealth and a personal pride in the advancement of our own county shall so plan their personal affairs as to give the entire day to the improvement of our highways, or contribute to the proper local authorities such sums of money or such road materials as will bring the best results, which the day should accomplish.

That all our citizens, living in towns and villages and owning automobiles, go on this day to the country and volunteer their services, in adding to the safety and comfort of all our people when traveling upon our highways.

Witness my hand and seal of the said Court at Clearfield, Pennsylvania, this 20th day of May A. D. 1916.

SINGLETON BELL

President Judge

PLEASE POST

Saturday afternoon, Singleton Bell, coming into your town, or city, YOU lose.

County Courts, issued a proclamation to all the citizens of the county, urging their co-operation in making Good Roads Day a success in Clearfield County. Governor Brumbaugh has set aside Thursday, May 25, as the day on which all public-spirited citizens of the state, should lay aside their regular work, and go to the country and work on the highways.

Judge Bell's proclamation asks that every citizen so arrange his personal affairs that he can give the entire day to the improvement of our highways. The proclamation was issued on the request of the State Highway Department and will be sent to every postoffice in the county where it will be posted.

Nearly every town in the county has been making arrangements for sending a small army of workmen to the country to improve the highways. The roads are in fair condition now and can be made among the best in the state if the people of the county will turn out on Thursday and volunteer their services.

The work will be under the direction of the Road Supervisors who will place the workers in the districts where the highways are in the worst condition. Teams, deep wagons, and automobiles are needed for carrying on the work, so that anyone having these should donate their aid.

Last year several hundred men and boys from Clearfield worked on the highways near here and accomplished much toward making the road better. This year more people should be out.

The following is what a Clearfield county citizen says about Good Roads Day:

"I wish to say to the residents of the different towns and cities, and good country roads, mean as much to you as they do to the farmer, for every additional dollar that has been added to the light coat of having your pay."

"To the business men of the town, every dollar that bad roads prevent

BRIAND SAYS PEACE CAN COME ONLY THRU VICTORY

Allies Regard Future With Confidence Says Premier in Speech

Paris, May 22. (By United Press)—"Peace can come only through a decisive allied victory, Premier Briand told a delegation from the Russian Duma today. "The allies can regard the future with confidence," said the French prime minister. "Peace must have results, from diplomatic intrigue, but can come only through a decisive allied victory which alone can end with revere recognition of international law and right."

Justice Brandeis, who was the only justice to dissent in the *Lochner* case, was a vocal critic of the Court's decision. He argued that the Court was oversteering the course of the nation and that the Constitution was being used to protect the interests of a few at the expense of the many. His dissenting opinion in *Lochner* is often cited as a landmark in the history of judicial review.

PUSH

Up—up—UP over the crest of the steepest hills, with the zeal and zest of the mountain-goat, speeds the Atlantic-fed motor. Boundless pep and push for the hills; the steady hiss of perfect carburetion at all times—that's *Atlantic Gasoline*. Can't you *tell* it, now? Despite market conditions, the famous uniform boiling-point of Atlantic Gasoline is scrupulously maintained. Atlantic has *got* to be good—*always*. Beware of mongrel fuels.

SAYS WE BECOME CRANKS ON HOT WATER DRINKING

Hopes Every Man and Woman Adopts this Splendid Morning Habit

Why is man and woman, half the time, feeling nervous, despondent, worried, some days headachy, dull and unstrung; some days really incapacitated by illness.

If we all would practice inside-bathing, what a gratifying change would take place. Instead of thousands of half-sick, anemic-looking souls with pasty, muddy complexions we should see crowds of happy, healthy, rosy checked people everywhere. The reason is that the human system does not rid itself each day of all the waste which it accumulates under our present mode of living. For every ounce of food and drink taken into the system nearly an ounce of waste material must be carried out, else it ferments and forms ptomaine-like poisons which are absorbed into the blood.

Just as necessary as it is to clean the ashes from the furnace each day, before the fire will burn bright and hot, so we must each morning clear the inside organs of the previous day's accumulation of indigestible waste and body toxins. Men and women, whether sick or well, are advised to drink each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it, as a harmless means of washing out of the stomach, liver, kidneys and bowels the indigestible material, waste, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Millions of people who had their turn at constipation, bilious attacks, and stomach, nervous, days and sleepless nights have become real cranks about the morning inside-bath. A quarter point of limestone phosphate will not cost much at the drug store, but is sufficient to demonstrate to anyone its cleansing, sweetening and refreshing effect upon the system.

FATHER OF CLEARFIELD RESIDENT DIES TODAY

Mack J. T. Mohney of Youngstown, formerly of Clearfield and father of "Jack" Mohney of Clearfield died this morning at 4:20 at his home in Youngstown following a serious operation. Chapter 2 of "The Adventures of Peg O' the Ring"

AT THE OPERA HOUSE WEDNESDAY EVENING

Positively the greatest serial story ever produced. Teeming with thrills, comedy, daring feats of skill and strength and with a charming love story running through the entire picture.

Read the synopsis of Chapter 1 and be sure to see Chapter 2 on Wednesday evening.

Synopsis of Chapter 1

LaBelle, an animal trainer is secretly married to Dr. Lund, the owner of the circus, who refuses to make the marriage public owing to his love for another woman. During a performance, LaBelle is attacked by one of her animals and severely injured. She is taken to a hospital where Peg is born. The mother writes Dr. Lund to come and claim his child which he refuses to do, and Peg is given into the care of Flip, the clown, to be brought up in the circus. After LaBelle's death Dr. Lund marries the other woman and her son assumes his step-father's name and title of Doctor. Eighteen years have elapsed and the old Dr. invites the performers of the circus to a reception at his house, Peg a rider with the circus attends, and is recognized by Dr. Lund's wife, as the child of LaBelle. Young Dr. Lund falls in love with Peg at first sight and asks her to marry him, but before she has time to answer him she falls victim of her strange inheritance. Every night at 12 o'clock she is possessed with a spirit as savage as that of the tiger that attacked her mother. She flies at the young doctor, tears his hair and scratches his face and then rushes into the room where the old doctor's wife is and chokes her into unconsciousness. Flip finds Peg and carries her back to the train in a daze. Dr. Lund decides to follow and despite the pleadings of his mother starts after the train in his auto. He boards the train while it is in motion.
